REGIONAL SHORELINE MASTER PROGRAM UPDATE COMMUNITY SHORELINE VISIONING MEETINGS

Walla Walla County and the Cities of Prescott, Waitsburg, and Walla Walla invite you to participate in Countywide shoreline visioning meetings!

WHAT IS A SHORELINE MASTER PROGRAM?

A Shoreline Master Program (SMP) is a locally prepared set of policies and regulations, required by State law, that govern development in shoreline areas. SMP's are designed to:

- Encourage appropriate shoreline development;
- Promote public access to the shoreline; and
- Provide environmental protection.

Existing uses and agricultural practices would be allowed to continue; SMP policies focus on new development.

WHAT IS THE REGIONAL SMP UPDATE?

Walla Walla County, along with the cities of Prescott, Waitsburg, and Walla Walla, are working cooperatively to update their existing SMP's as a partnership coalition.

The State of Washington updated its guidelines for SMP's in 2003. This process will update the County and City SMP's to be consistent with the new State requirements and reflect current information about Walla Walla County's shorelines.

WAYS TO PARTICIPATE

Please join us at one of these events and provide your input on this important project!

TUESDAY EVENING, JULY 29

7:00pm - 8:15pm

Doors open at 6:45pm
