PLANNING, LAND USE
AND DEVELOPMENT SERVICES

Memorandum

Date: September 12, 2013
To: Regional Shoreline Master Program Project Management Team
From: Bill Stalzer, Project Team Leader
Re: Draft Public Participation Plan

Attached is a draft of the Public Participation Plan which is required Task 3 in the Ecology grant scope of work. This Plan provides the structure for public participation throughout the process of updating the SMP. As the process unfolds, additional or more specific public participation actions may be added.

A final version is due to Ecology by September 30th. I would appreciate it if you would pay particular attention to "Unique Outreach Methods" on pages 9 and 10 of the Plan. At the meeting next week I would like to get suggestions from you of unique tools/methods for notification of meeting locations, major reports, upcoming events, etc. for your city and particular groups and individuals in your city that should be contacted that do not appear under the county list on Table 2.
