PLANNING, LAND USE
AND DEVELOPMENT SERVICES

Memorandum

Date: September 12, 2013
To: Regional Shoreline Master Program Project Management Team
From: Bill Stalzer, Project Team Leader
Re: Regional Working Group

To date I have received the suggestions below for the composition of a regional working group. Currently there are 28 organizations/names. Ideally, the size of the working group should be 15-20 members so that it can function as a working group with ample opportunity for discussion and a variety of views to be expressed.

I would like any other suggestions at this month's meeting or shortly thereafter so we can discuss the final composition and the regional working group can be assembled by the middle of October. Their first meeting is scheduled for mid-November and they will be getting the first documents to review at least a week prior to the meeting.

One member from each planning commission (4 total)

Port of Walla Walla

Walla Walla Watershed Planning Partnership

Walla Walla Grain Growers

Mark Kajita, Mill Creek Working Group

Walla Walla Wine Alliance

Futurewise

Walla Walla 2020

Citizens for Good Governance
